Event Announcement

“Paper Lantern Painting Workshop”

We would like to invite you to our lantern painting workshop. We are the staff of the Ueda City Museum of Art. This autumn, we will hold an exhibition titled “ASIA: REPLENISHED AND ENRICHED –Art of Modern Asia, and its Diversity–.”

With diversity as our theme, we would like to enliven this exhibition with various people living in Ueda City. In various parts of Asia, there is a custom of decorating lanterns with the theme of “festivals” and “prayers.” Based on the image of the custom, we will hold a workshop to draw pictures on lanterns and paste paper and color it. The lanterns made in the workshop will be used as decorations at the entrance during the exhibition.

We also hope that this opportunity will become a place for interaction between international students and Japanese students.

All participants will receive an exhibition ticket. Please feel free to join us.
